Dedication

Many of us who are fortunate enough to finish our education here will soon be called upon to take our places in war industries or with our fighting forces. As a parting gesture, we have put forth our best efforts to give you this Yearbook, the first since 1923.

To those Alumni of the Emporium High School now serving in the Armed Forces of the United States and the boys of our class who have already joined them—we dedicate the 1943 "Raider."

Senior Class History

The class of 1943 entered high school in September, 1939. Since many of our classmates were from outside Emporium, we did not elect officers immediately, but waited until we were better acquainted. In the latter part of September a meeting was held and our officers were elected—Don Snyder, president; Allan Walker, vice president; Joy Warner, secretary; and John McManigle, treasurer. Our activities as freshmen were confined to acquiring knowledge and respecting upperclassmen.

In our sophomore year Allan Walker took over the gavel from Don Snyder and Jim Rodich succeeded Allan as vice president. John McManigle was re-elected treasurer and Joy Warner was re-elected as secretary. We had little to do since the seniors and juniors were busy earning money and had the calendar almost filled with activities. We did, however, sponsor a dance that year, our first activity as a class.

We got off to an early and successful start in our junior year, holding a bake sale in August. In September we went back to school and elected Jim Rodich, president, and Claire Tompkins, vice president. Joy Warner and John McManigle were re-elected to their respective offices. Until January, time went slowly, but then things began to hum. A committee was appointed to choose a class play. The play was selected, and with Miss Graham directing and Miss Shaffer and Miss Gresko assisting, practice began about the middle of January and continued until March 27th when "That Crazy Smith Family" was introduced to Emporium in the high school auditorium.

While the high school and town were recovering from their meeting the Smiths, we began to plan for THE event of the year—the Junior Prom. Committees were appointed and began their work That it was well done is known by all the students who attended the Prom in the high school gym on May 7th. The prom was the climax of the most active of our three years in high school.

In September 1942, the class officers for our final year were elected. John Creighton stepped into Jim Rodich's shoes and Don Snyder took over the vice presidency from Claire Tompkins. John McManigle started his fourth year as treasurer, while Joy Warner commenced her fourth year as secretary. Since there were many important things to be done this year, it was decided that an executive committee should be created. The committee was to be made up of the officers of the class and three other persons appointed by the president. The three appointed were Connie Ripley, Allan Walker, and Franklin McFeely.

Our activities started out with a bang when in a two week selling spree, we made over one hundred dollars on magazine subscriptions. The incentive was our decision that since we could not go to Washington as had previous classses, we would be the first class in 20 years to publish a year book. We knew that it would be a hard job, but we were willing. The executive committee nominated the editors and chairman of the various committees and their nominations were accepted by the class. Every member of the class gave his whole-hearted cooperation and by March 1st all work was completed.

On March 17th the Public Speaking Class, composed of Seniors, presented a three-act comedy entitled "Young King Cole" and in April the Senior Play, "Murder Mansion", was given. There were only the graduation exercises remaining to climax our high school careers.

Freshmen Class History

In September 1942, Emporium High School welcomed ninety-one eager, willing, and bewildered Freshmen.

After our first class meeting, we elected the following officers:

President ..... James Tompkins
Vice-President ..... Robert Judd
Secretary ..... Ester Rinehuls
Treasurer ..... Shirley Summerson

School activities have been somewhat curtailed by the war, but our efforts to do our share for this great cause will be ceaseless. Among our classmates we have many aircraft observers, air raid messengers, Girl Scouts and Boy Scouts. Several are employed after school hours in varied types of work. Although we have entered high school under abnormal conditions, we hope to maintain the high standards of Emporium High School.

Sophomore Class History

The class of 1945 started its struggle in September, 1941. At first we boasted 100 members but as the year rolled on it dwindled to 90. Our first event that year was the selection of officers. After several class meetings in which we came to know each other, we chose the following:

President ..... James Miller
Vice-President ..... Charles Howard
Secretary ..... Claude Campbell
Treasurer ..... Judy Rodich

We then selected class hats and emblems to be done in our class colors, navy blue and gold. To wind up our Freshman year, a picnic was held at the Sizerville State Park.

To start our Sophomore year we elected officers as follows:

President ..... James Miller
Vice-President ..... Katherine Rishell
Secretary ..... Roger Schnee
Treasurer ..... Donald Miller

Our class rings were the topic of conversation until we all finally decided on them. Our first real undertaking was a Sophomore dance which turned out a huge success.

As we are on the portals of entering our last two years at E. H S., we sincerely hope they are as successful as the first two.

Junior Class History

In September 1940, the Freshman class entered E. H. S. with high hopes. We elected our officers:

President ..... George Zwald
Vice-President ..... Louise Rodich
Secretary ..... Joseph Malizia
Treasurer ..... Roland Ford

Our class colors, royal blue and white were chosen and we sent for our hats and emblems. The big event of the year was the Junior High promotion exercise. This was our graduation from Junior High School to Senior High School. To wind up the year a picnic was held at Sizerville State Park.

The following September we returned to school as Sophomores and elected the following officers:

President ..... Dolores Stumpff
Vice-President ..... Joe Malizia
Secretary ..... Shirley Rumberger
Treasurer ..... Neil Donovan

With the Seniors very busy we could do very little. We selected our class rings then proceeded to be natural quiet Sophomores until the end of the year when a picnic was held again at Sizerville.

To begin our Junior year we elected the following to lead the class:

President ..... Joseph Malizia
Vice-President ..... Walter Rogers
Secretary ..... Robert Sarick
Treasurer ..... Jesse McKimm

We did little until January 8 when we staged our first successful dance. We then chose a play to be presented later on in the year. Our most important activity and the one the whole school is looking forward to will be the Junior Prom. This will come some time in May and will climax a successful Junior year.

Emporium Schools Band

The Emporium Schools Band, under the direction of Mr. Paul V. Murphy, is composed of forty members. The band has played for many school functions and football games. It also led the Hallowe'en parade.

For lack of time, rehearsal, and material, the annual concert has been called off.

The History of the Band

In September 1936, Mr. James W. Dunlop of Blossburg, Pa., came to Emporium and started a program of instrumental music in our schools. Through the sympathetic efforts of the Supervising Principal, the late Mr. Chester F. Schroyer, plans were formulated to start instrumental classes and eventually form a band.

Students were encouraged to obtain instruments and take advantage of the free lessons given during school hours. The Board of Education set aside funds to purchase some of the larger instruments such as tubas, drums, baritones, etc. and the following spring the band made its first public appearance. In September 1937, through the generosity of two civic-minded citizens, the band was host to the Central District Band Festival. Mr. Joseph La Sitis became Supervising Principal in the spring of 1938, and through his efforts the band and orchestra obtained more instruments and equipment until it became a well-balanced group. In the two years following the band and orchestra made trips to Blossburg and Renovo to play concerts, broadcast over WHDL in Olean and in DuBois, went to Lock Haven, St. Marys, Johnsonburg, Kane and Ridgway to football games, and sent many students to District and State Bands and Orchestra.

The Band and Orchestra adopted a constitution by which its members were to be governed by elective officers. A merit system was adopted as a basis for earning letters at the end of the year. The annual event of a Military Ball was started in 1939, the purpose of these dances being to get school musicians of surrounding towns acquainted in common interests. The band played for athletic events and community functions of all types. In September 1941, the band, after six years of careful guidance, came to its peak. Both the band and the director became the envy of other towns.

It was in that month that Mr. Dunlop obtained a better job in Farrell, Pa., as music supervisor in the public schools. In the words of William D. Revelli, Dean of Music, University of Michigan, Mr. Dunlop is a "promising young genius." After trying several directors, the school board chose Mr. Donald Graff of Clarion, Pa., to step into a "big pair of shoes", both literally and figuratively. For a year he worked with us, still playing for games and giving successful concerts, until the summer of 1942 when he entered the United States Navy. It became evident then that a substitute had to be found to take Mr. Graff's place until he came back. Mr. Paul V. Murphy, who came to Emporium with the Sylvania in mind, was found to possess musical ability and agreed to coach the band. Under his supervision, the band was led through a successful football season and on through the winter. With the excitement of the year book and many of the members of the band working, not many activities took place.

Each year, as the older and more experienced students graduate, the band loses part of its backbone. It is our hope, however, that the band will continue the good work it has been doing, even though some of the old members are gone. The students of the the lower grades now are the ones who will some day make the Emporium High School Band famous again.

Home Economics Club

Knit one! Purl two! murmured Home Economic Club members as they neared completion of their second afghan. Discussions of nutrition, enlivened by motion pictures, taught the girls the principles of food selection and conservation. Hoping to spread their newly acquired knowledge, they designed colorful posters to enlighten others concerning the value of good nutrition.

The practical knowledge and training gained through club activities is applied in the school cafeteria.

Commercial Club

"This is school life! So speaks the 'Voice' ". Through this paper the members of the Commercial Club speak to the student body of the High School. Anyone interested in commercial work is invited to join the club where he will learn how to work on his own initiative. Although some time is spent on projects and on practicing for an assembly program, most of the club's time is spent in planning and printing the school paper. The "Voice" shows both the humorous and serious side of the club which works so diligently to help mold student opinion. Let's see the "Voice" more often.

Red Cross Club

"Red Cross rooms calling. We need assistance." This call is ably answered by the Red Cross Club whose aims are to aid the local Red Cross by winding thread, wrapping bandages, collecting needles and knitting.

The first activity started by this club was to make kits for soldiers overseas and fill them with useful articles such as needles, thread, buttons, playing cards, waterproof match boxes and knives. Another project was to send Christmas presents to children of Cameron County who are in children's homes.

They are now learning how to apply splints, how to treat wounds, what to do in case of accidents and all other things needed in the practice of First Aid.

Dramatics Club

Shoulders up! Head back! Don't slump! These commands are frequently heard as the starlets of the Senior Dramatics club learn the fine arts of sitting, standing and walking correctly. These would-be Thespians are striving to develop talent which will provide entertainment for others. Club time is spent in rehearsals and in studies of ancient and modern drama. Good luck to our future Gables and Grables.

Rifle Club

Praise the Lord and pass the ammunition! This is the present slogan of the rifle club. At least they wish someone would pass some ammunition their way. Many of their activities have been halted because of lack of shells. The Club's main purpose is to learn the safe and proper use of firearms. During their regular meetings, the members of this club discuss methods of shooting and the correct way to handle both shot guns and rifles. The club also meets after school hours at the rifle range where they use the Sylvania rifles. At these meetings they practice shooting under the direction of members of the Sylvania Rifle Club, using N. R. A. Rules.

Driver's Club

Can you drive? Do you know the Driver's Code? These questions were frequently asked last year so this year a Driver's Club was formed to teach the students the right way to drive. They also learn the fundamental parts of a car and how to repair the minor breakdowns. Due to the gasoline rationing the members were unable to practice driving but their meetings were filled with valuable discussions on safety rules, correct driving and car mechanism. Girls as well as boys were admitted to the club so that they will be able to take their places, after the war, in this highly mechanized world.

Wartime Science Club

Jeeps! Peeps! Propellers! Carburetors! These are much used words in the vocabulary of every member of the Wartime Science Club. This club strives to keep abreast of the great progress science is making toward the war effort. Airplanes, engines, and automobiles are figuratively taken apart then studied with close attention to mechanical detail. Discussions of recently published scientific ideas develop consciousness of post war problems which must be solved by the average American citizen. This type of cctivity will help these men of tomorrow to face the post-war world with a more intelligent outlook.

Library Club

Books are weapons! This might be a fitting motto for the Library Club this year. No matter whether the club members are pondering over a display about sports or about the United Nations, books are the answer to problems. Almost any idea can be conveyed through book displays. Besides learning library work, which is the purpose of this club, the members exchange reviews of good books which they have read. One project of the year is the planning and presenting of an assembly program to commemorate Book Week. Bonds are weapons too! So the Library Club purchased a War Bond to insure, in a small measure, future freedom of reading.

Press Club

The Press Club of E. H. S. was originated for a two fold purpose: first, to convey information of school affairs and student activities to the citizens of Emporium, and second, to help those students who are interested in Journalism to learn more about newspaper writing and to give them an opportunity to develop their literary talents. Every Tuesday the Press Club meets and discusses assignments, write-ups, and materials for publication in the local newspaper.

Joy Warner, the editor, conducts the meetings from the standpoint of criticism of previous write-ups and discussions of present assignments. The club is organized with four officers and associate editors as leaders, each one being responsible for his column. Club reporters serve as informants of current school events. Material is proof-read and checked by the Editor and by Miss McNamera, the sponsor, and sent to the local paper for publication.

For information concerning school affairs consult the Hi-Herald Section of the Cameron County Press.

Cheer Leaders

★ ★

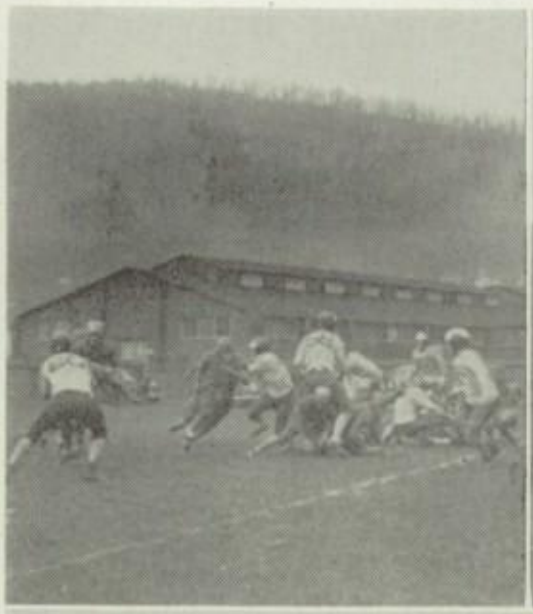
The main function of the cheerleaders is to help the team by developing school spirit. They also aim to improve relations with other schools with which our team play. They held pep meetings and participated in several assemblies.

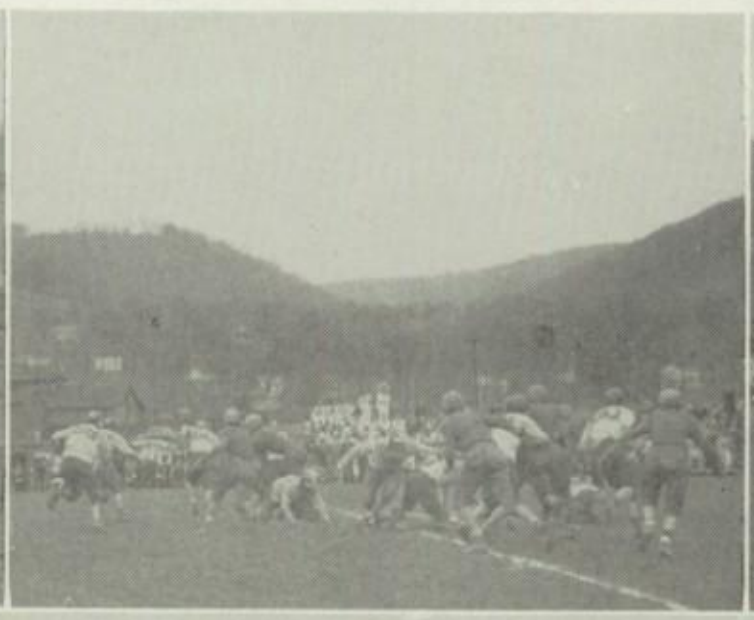
Football

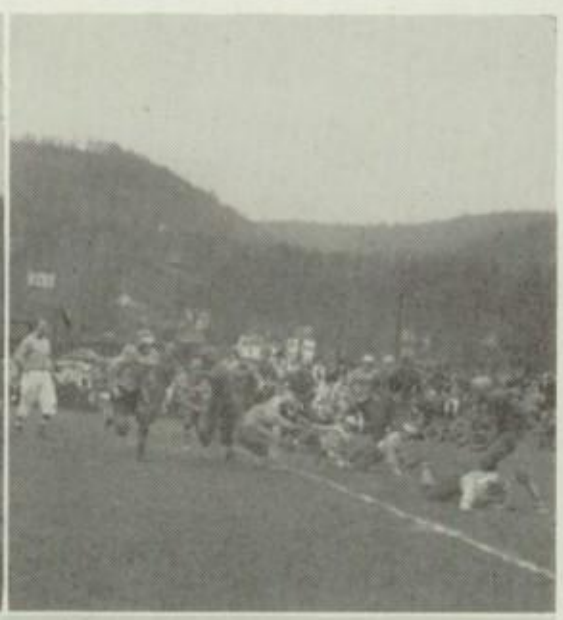
The 1942 Red Raider's aggregation proved to be one of the best teams Emporium has turned out in a good many years. Coach Grimone started his first year at Emporium High with rosy prospects. He had eleven lettermen left from Coach Curry's 1941 squad, besides some Sophomore and Freshmen who showed great promise. The team average was 175 pounds, which made it one of the biggest teams in this section of the state.

The Red Raiders went through the first and toughest half of their schedule untied, unbeaten, and unscored upon, while massing a total of 178 points. They rolled over Brockway, Ridgeway, St. Marys, and Curwensville. They met for their first game of the second half of the schedule a smart and aggressive Port Allegheny team which scored the first 6 points of the season on them. The Raiders in a game which was much more lopsided than the score would indicate, beat Weedville 27-13. Their next victim was a weak Renovo eleven which played good football even in defeat. The first mar on an otherwise spotless record was a 0-0 tie by an aggressive, but undeviated Johnsonburg eleven. In a return game with St. Marys, the night was ours as we outplayed the Dutchmen, 14-6.

The sole defeat of the season came when Portville, undefeated and untied, journeyed from New York State to play in weather that would discourage an Eskimo The last game for ten members of the squad; Portville capitalized on breaks and poor field-generalship to win 13-7







Football

The squad of 1942-43 will always be remembered as one of the great teams Emporium has produced. In saying goodbye, Eric Gustafson, Harold Chadwick, Forrest Riegel, James Rodich, John Vogt, Philip Smith, Robert Bauer, Albert Streich, Jr., Junior Michaels, and Francis Labrozzi, the school retains fond hopes that the day will come again when Pine Street Stadium will see a collection of ball players who will show themselves the equal of these 1942 Red Raiders.

1942 Football Games

BROCKWAY

In the first game of the 1942 season, the Red Raiders won a smashing victory over a powerful Brockway eleven, 25 to 0. With all members of the team showing up splendidly, hopes for a good season were high.

RIDGEWAY

In the second game of the current season, the Red Raiders surprised a championship Ridgeway team by downing them 13 to 0 Ridgeway hasn't recovered yet.

ST. MARYS

Keeping up their good record, the Raiders nosed out the spirited St Marys' eleven, 7 to 0. Riding on their previous laurels, the boys were possibly a little optimistic.

CURWENSVILLE

Getting back in the groove, the Raiders had no trouble in taking Curwensville into camp to the tune of 33 to 0. The coal miners were fighters, but just didn't have the stuff.

PORT ALLEGHENY

After having a tough time getting started, the raiders came out on the long end of the score 25 to 6. Lucky Port Allegheny—they were the first to score upon us.

WEEDVILLE

Lengthening their stride, the Red Wave romped over Weedville 27 to 13. Weedville's 13 points came after the regulars had gone to the showers.

RENOVO

A weak Renovo team had no showing against the powerful Reds, as the 28 to 0 score would indicate. High hopes for an undefeated season.

JOHNSONBURG

Red Raiders stopped but not beaten - - - . A dauntless eleven held the locals to a scoreless tie. We can still go undefeated.

PORTVILLE

Hopes shattered. Playing in three-foot snow drifts, the Raiders were defeated by a very strong Portville Squad, 13 to 7. Don't worry, we still love you boys.

Varsity "E"

An organization whose members must win varsity letters in one of the major sports before they are eligible for membership in the club. The club directors are the athletic coaches.

The members work to obtain money for sweaters for each Senior member of the club. The letters are awarded by the athletic council of the school.

Eligible players, to become members of the club, must submit to the traditional initiation. These initiations are not open to the general public but it is rumored that they resemble the inquisitions of ancient days.

Senior Sports Club

Get in shape! Keep in shape! This might well be the slogan of this club, because here all boys in Senior High School are given a chance to participate in sports they like. The sports are played in season, in the fall they play touch football, in the winter basketball, volleyball and "commandos tactics", and in the spring softball. These games are closely supervised by the sponsor, so that each individual has an equal opportunity to participate in them. This club always has a large enrollment because of its large and varied program. Among other things the students learn in this club are the basketball rules as played in this district, and also the softball and baseball rules. Due to the present emergency many exercises are given to keep the boys physically fit.

Football Club

Block that kick! Hold that line! Is there any member of the school who is not already familiar with the activities of the Football Club? After the football season has ended, this club spends much of its time in planning for the betterment of future athletic events. Various methods for raising money to purchase athletic awards are suggested and promoted.

Intramural Basketball

Due to the difficulty in finding transportation the E. H. S. is without a Varsity this year. To provide activity for the boys in the school our Basketball coach, Mr. Price, has established an intramural league. Each class is represented as there are two teams of Seniors,, one of Juniors, two of Sophomores, and one of Freshmen.

The schedule is divided into two halves with all teams paying each other team only once in each half. When these games are over the leading four teams stage play-offs for the championship.

The captains of all teams have been collecting a given amount from each member every night they play, and a large party has been planned for the members of the league after the championship has been decided.

Although not quite as good as Inter-scholastic Basketball, the league has proven to be lots of fun, and provides plenty of excitement for the Student body.

Alma Mater

★ ★

Red and White we sing our praise to you
And to our Alma Mater we will ever be true,
We hail thee our high school fair and strong
And to our Alma Mater raise our voice in song.

So we will cheer, cheer, cheer Emporium,
The high school we love best,
Until we gain the crown of victory
We will never rest,
And though the clouds may darken
And all be storm and strife
Thy sons and daughters will uphold thee
With thy very life,
So we will cheer, cheer, cheer Emporium,
Our ray of guiding light,
Our Alma Mater hail all hail
The Red and the White.

Home of learning when we leave thy halls
We will cherish all we learned within thy walls
And may thy children's deed bring thee success
So that we all may be proud of our E. H. S.
(Repeat Chorus)
